No. 7579/L.O

GOVERNMENT OF INDIA.
CENTRAL BOARD OF IRRIGATION.

'Kennedy House'
Simla-4.

Dated the 24th~~th~~ October, 1949.

Subject:- QUESTIONNAIRE DRAINAGES.

My dear

As you are aware, the Board at its 1947 Annual Meeting decided that a C. B. I. Publication on Drainages should be issued, based on the information to be supplied by various administrations and Research Stations in India. Some administrations have supplied notes for the publication. The Executive Committee of the Central Board of Irrigation at its meeting held in July, 1949 decided that the information ~~x~~ ~~so~~ far received warrants that a publication on the subject should be prepared immediately and that to make the publication really useful, it ~~sh~~ should be entrusted to the most suitable officers who should have ~~ix~~ wide ~~decided to be given in conjunction with~~ ~~xxx~~ knowledge and experience on the subject. Accordingly it was decided that you in conjunction with one Class I Officer of the Bombay Irrigation Department be requested to under-take the preparation of the draft.

It was further decided that these officers may be requested to prepare drafts as early as possible so that the publication could be made available to the engineering profession in the least possible time, and that the authors of the publication should be asked to ~~at~~ ~~dy~~

asked to duly acknowledge the sources from which matter is taken for incorporation in this publication.

I am accordingly directed to request you to kindly initiate action regarding the preparation of the draft publication and divide the work between yourself and the Officer from the Bombay Presidency. I am requesting the Chief Engineer, Irrigation Branch Presidency. I am requesting the Chief Engineer, Irrigation Branch Bombay to nominate the officer from his Department and his name will be communicated to you in due course. I trust you will be kind enough to agree to the request of the Executive Committee. My Board will greatly appreciate the help to be rendered by ~~me~~ you in this connection. On hearing from you, I will send you all the material on the subject that has been collected in this office. It is further ~~is~~ suggested that instead of questionnaire, the proposed publications should be ~~compiled~~ compiled by chapters on the several aspects of drainages. In case you require any literature from the C. B. I. Library, I shall be too glad to supply the same.

Further I shall be grateful if you kindly ~~and~~ keep me informed of the progress made by ~~me~~ you from time to time.

Yours sincerely,

Sd/-
(S. L. Malhotra.)
